LEGISLATIVE COUNSEL'S DIGEST

AB 524, as amended, Chan. Public contracts: offshore jobs.

The State Contract Act authorizes the Department of General Services, or any other department with authority to enter into contracts, to require prospective bidders of state contracts to complete a questionnaire and financial statement regarding the prospective bidder's financial ability and experience in performing public works contracts.

This bill would require the department, *until January 1, 2009, and* when any portion of a public contract will be performed by subcontractors or employees outside of the United States, to require from all ~~prospective and~~ successful bidders the completion of a standard form of questionnaire including a complete description of any or all portions of the contract that will be performed by subcontractors or employees outside of the United States and the percentage of the entire contract that the work to be performed outside of the United States represents. ~~The bill would require the department to reject the bid of any prospective bidder, or terminate the existing contract of any contractor, who fails to complete the questionnaire.~~

~~The bill would impose specified penalties on contractors who fail to comply with the bill's provisions.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
